

I find Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election very disturbing. There is tremendous media bias in the airwaves today with personal opinions of media celebrities espoused by these stations as fact. However, when a media conglomerate like Sinclair uses the public airwaves FREE OF CHARGE to demote a candidate that is not supportive of its bottom line, that just seems disadvantageous and unfair to the community it serves.

If Sinclair follows through with using their stations for electioneering, I request FCC, as an independent US government agency, to carry out its duty to strengthen media ownership rules and fight Sinclair stations' license renewals.

Thank you.
